The department is preparing for the same. He also briefed the members that the college is also preparing the SSR for cycle 2 of NAAC Accreditation which is due by September 2020.

viii) **AGENDA ITEM NO. 8:**

Review of an initiative by the college in Innovation, Incubation and Entrepreneurship

The Director briefed the members about the progress in a detailed manner.

NewGen IEDC: The Director has briefed the members about the NewGen IEDC innovative project development status and also apprised them that all 12 selected projects have been completed within the defined timelines and the utilization for the funds of NewGen IEDC have already been submitted to the DST. The selection for the second-year NewGen IDEC project is in process and would be presented in an upcoming advisory board meeting of NewGen IEDC.

Weekly Hackathon: The Weekly Hackathon is an initiative by EDC ITS Engineering College which is organized every week in which students from different branches participate with their teams to provide solutions to problem statements related to the industry. The ideas against the problems help in different competitions, new ideas for New-Gen IEDC, MSME, and different exhibitions.

ix) **AGENDA ITEM NO. 9 :**

Review of ICT and Online learning initiations in the college.

The Subject was discussed and the board members were apprised of the progress and the initiatives taken for ICT and online learning in the college: -

- **NPTEL MOOCs:** An extensive progress has been made in the NPTEL MOOCs on the online learning front wherein the faculty and students have participated in large numbers and constantly improved their performances and excelled in various courses that they have undertaken.
- **Courses through Coursera and EdX:** The faculty to improve their pedagogical skills have participated in various international courses through Coursera and EdX and enhanced their knowledge.
- **Conduct of Boot camp for students** - The institute is organizing boot camp since 2018 and with an objective to train students on their soft skills and aptitude which has resulted in higher number of placement in all branches. The boot camp makes students confident and increases their employability skills.

Monthly Faculty Colloquium: The monthly faculty colloquium has been started for all the faculty members to enhance their professional development significant impact of leadership and job satisfaction. These colloquiums are scheduled twice monthly department wise which is resulting in sharing of good knowledge content through this interactive platform.

x) **AGENDA ITEM NO. 10:**

Implementation of ERP - The Director informed all the members that the ERP procured is functioning in a very systemized manner addressing all the important issues which are required for the normal functioning in a good institute.

This ERP has given the added advantage to have an updated the student database, very structured biometric attendance in real time, access to all internal and external marks year wise branch wise. An added feature of grievances addresses the problem of students and assists in providing solution their problems.

xi) **AGENDA ITEM NO. 11:**

Improvement of IT infrastructure for the current academic session

To improve the existing IT infrastructure in the institute an amount of Rs. 10 lacs have been spending for purchasing new servers and in upgradation of the existing IT Network and infrastructure.

The main IT infrastructure purchases Dynamic host configuration protocol server, ORION, Domain controller server and improvement of the existing library and APO server.

This up-gradation of the IT infrastructure through these newly purchased servers has ensured a systemized IP protocol segment thereby ensuring that the entire IT setup is fully secured and accessible segment-wise.

The Domain server: The Domain server purchased has ensured better user satisfaction by providing real-time inputs solutions with centralized management client system.

Orion Customization application: The purchase of the Orion server has ensured that all manual activities involving day to day purchases with inventory management has now become more organized with the complete data of purchases and assets available as a back on the server.

Upgradation of existing servers: The existing APO and library servers has been updated to provide better working result by providing more space and speed leading to more client satisfaction.

Network infrastructure upgradation: To improve the speed of all the user the network infrastructure has been upgraded with more branded equipment there by leading to higher client satisfaction.

xii) **AGENDA ITEM NO. 12:**
Approval for extension of infrastructure for next academic session:

The program for infrastructure extension for next academic session was discussed and approved after deliberations.

xiii) **AGENDA ITEM NO. 13:**
